# WE'RE SHIFTING TO ZERO

We've committed to an ambitious ten-year venue and facility investment strategy that will put sustainability at the centre of daily operations and aligns Silverstone's plans with those of Formula 1 and other key partners in the sport.

2764 solar panels installed on the venue, generating 13% of total energy

30 EV chargers on site

Sustainable food and drink sourcing

100% renewable energy from grid

Zero waste to landfill since 2018
